The assessors have just closed their hearing and report that the roll will be slightly greater than last year, the increase being represented principally by new buildings and improvements. The personal tax is less than that of 1897. The real and personal taxes last year were about \$25,00,000, to which about \$25,000 has been added this year. The tax rate will not be determined until next April, and the collection will begin about May 1.

An attempt is to be made to induce the trustees to pave with the same material the square at the function of Main and Spring sts. at a cost of about \$500, and allow the same to run over into next year's tax levy.

### NEW-ROCHELLE

Peter Schafer, fifty-seven years old, a well-known resident of this village, died at his home, in Web ster-ave., early yesterday morning. Mr. Schafer was a cleaner and dyer, and worked until a late hour on Monday night at his establis ment. went home and retired, but arose soon afterward and started downstairs, when he slipped and fell to the bottom of the steps with such force that he fractured his skull and died a few hours later. Mr. Schafer leaves a widow and two children.

### LARGE EXPORTS OF GRAIN.

The engagements yesterday of grain for export to Europe were the heaviest of any day this year, 1,500,000 bushels each of corn and wheat, and about 200,000 bushels each of oats and rye. These en gagements represent shipments which will be made from various ports in the course of the next three or four weeks. The reason for the heavy export demand is the fact that stocks of grain in Europe are at present so light that dealers there are under are at present so light that dealers there are under the necessity of replenishing them. Ocean freights are exceedingly firm, and it is understood that cer-tain men here who sold freights short awnile ago, when they were unusually low, are likely to lose a great deal of money in consequence of the advance in rates.

THE TOFA BRINGS A CARGO OF SUGAR. The three-masted schooner Tofa arrived yester-

day from Cienfueges with a cargo of 6,500 bags of sugar. She was the first American sailing vessel to enter that harbor flying the American fig since the war. She discharged a full cargo of coal for the United States fleet at Santiago from Philadel-phia, and then proceeded to Clenfuegos.

Ducey, assisted by Father Romunelli and the regular church choir. The front seats, which were reserved for the representatives of the Press and Lotus cluts, were well alled. At the close of the mass Father Ducey delivered a culogy. Burial was in Trinity Cemetery.

NEW STEAMSHIP LINE TO SAN FRANCISCO. San Francisco, Oct. 11.-"The Chronicle" says: "San Francisco is to have another direct steamer communication with South American markets on both the west and east coasts. The Chargeurs Reunis, one of the largest of the French steamship companies, is to establish a line of steamers between this port, Mazatlan, Acapulco, Guayaquil, Callao, Valparaiso, Montevideo, Liverpool, Havre Caliao, Valparaiso, Montevideo, Liverpool, Havre and possibly a Belgian port. The steamer will arrive next March, and thereafter a monthly service is to be maintained between San Francisco and Liverpool and stoppages at the above-mentioned places. A Fraisec representing the company, who is in this city, says he has received much encouragement from merchants, and declares the line will be put into oberation as soon as possible. He adds: "For service in the Facific the company has now under construction three steamers, which will have a length of 372 feet each and a carrying capacity of six thousand tons each." ### BROOKLYN NEWS IN BRIEF.

The trustees of the Disciplinary Training School for Boys, at a meeting in the Borough Hall yesterday, bitterly criticised the action of Police Magistrate Bristow, who, on the statement of John Hines. an inmate of the school, issued a warrant for the arrest of Superintendent Sumwalt, of the school, charging him with cruelty. The trustees yesterday resolved to ask the Corporation Counsel to have Police Magistrate Bristow's course reviewed by the Supreme Court.

The members of the cruiser Brooklyn's crew who did not get their medals when the general presentation took place in the 23d Regiment Armory, two weeks ago, received them from the Citizens' Committee yesterday afternoon at the Navy Yard. William Berri, ex-Mayors Schieren and Wurster. Colonel George A. Price and others were present. Albert Johnson, president of the Nassau Electric

Railroad, will sail for Europe on Saturday, on the Campania, for a three months' trip. Justice Wilmot M. Smith has given a decision in

the Supreme Court that Nassau County was esrablished legally. The decision was in a friendly suit brought to determine the legality of the act establishing the county.

The crew of the cruiser Brooklyn will present to the Brooklyn Letter Carriers on Sunday a war souvenir to express the thanks of the sailors for the service of the carriers in supplying reading matter in the war. The gift is a buoy found in the harbor at Guantanamo.

The Republican General Committee of Kings County indorsed the Republican State cicket and the platform at an enthusiastic meeting held in the Johnston Building last evening.

### TANNERIES LIKELY TO BE CLOSED.

It is generally reported that the United States Leather Company will soon close many of its tanneries in the East and South, the reason assigned being that the price of hides is too high compared with the price of leather. Nothing could be learned yesterday concerning the matter at the offices of Chicago hides are now quoted at 11 to 12 cents a pound, and South American hides at 14% to 16 cents. Shoe manufacturers and tanners are carrying heavy stocks of leather, which, under the prevailing conditions, they cannot dis-pose of at profitable figures. The closing of part or all of its one hundred tanneries by the Leather Company would be welcomed by the trade, and not a few of the outside tanners would probably also shut down their establishments for awhile. It is

shut down their establishments for awhile. It is argued that the closing of a large number of tanneries for a few months would so lessen the demand for hides that the price would decline to a reasonable point, and would at the same time enable the tanners to market their present large surplus stock. Several years ago the United States Leather Company closed its tanneries for four months, the result being a drop in the price of hides from 13 to 5 cents a pound.
Customs officials seen yesterday denied that there had been any increase in the invoice valuation of "common" hides imported from Mexico and the Central and South American countries. They declared that the fault, if there was any, lay in the manner in which invoices from those countries were filled out. Sometimes, it was said, these invoices were made out on the basis of the silver or paper currency of the countries from which the hides came. In other instances they were made out on all three bases, paper, silver and gold. This naturally created great confusion, and worked apparent hardship to the importer, but the real fault, according to these customs officials, rested with the exporters and the financial systems of the various countries.

### DEVERYS PROTEST REFERRED.

The Police Board yesterday considered a letter that the Commissioners determine whether or not the deputy superintendents of elections for the metropolitan district would violate Section 239 of the charter by using the clubs and shields made for them, as he says the clubs and shields are similar to those in use by the police force. The Board also considered a letter from Superintendent McCullagh, in which he said he would require a place of detention for any one arrested for any violation or for attempted violation of the elections law when the courts were closed. He asked the co-operation of the Board to secure such a place for him. Both letters were referred to the Committee on Rules and Discipline. They will probably be acted upon at the meeting of the Board this afternoon.

GEORGE HOPE MAIRS.

REPUBLICAN CANDIDATE FOR SENATOR IN THE XXIID DISTRICT.

Hope Mairs, the Republican candidate for State Senator in the XXIId District, which com prises all of Westchester County and City Island, has entered the campaign with great enthusiasm. He has received invitations from all parts of the district to be present at railies and ratification

meetings and deliver speeches, but his time is taken up by so many details that he will be able to attend only a few of them.

Mr. Mairs is one of the best-known and most

popular young men of Westchester County, having been born in Greenburg Township thirty-two years ago. He is the son of the late John D. Mairs, and after spending his early days in his native town went to St. Paul's School, in Concord, N. H., where he was prepared for Harvard. After being graduated from Harvard in the class of '89 he took a post-graduate course in the Harvard Law School. Mr. Mairs did not engage actively in practice, but became associated with the firm of Thompson & Mairs, bankers, of No. 33 Broad-st., this city, of which he is still a member. He is a member of the Union and Racquet clubs, a governor of the Ardsley and Knollwood Country clubs, and a member of several other organizations.

Last year Mr. Mairs was a candidate for Assembly in the 11d Westchester District, and carried the Westchester end, but was defeated by the Tammany organization in City Island and the An-nexed District.

Tammany organization in City Island and the Annexed District.

By a coincidence his opponent last year, William J. Graney, has been nominated by the Democrats to run against him for Senator. This year, however, the district is much larger, and the present conditions indicate that the county of Westchester will go Republican. Then, too, there are many Democrats who supported Mr. Graney last year who will vote for Mr. Mairs for Senator.

Mr. Mairs is a man of excellent character, and is well qualified to represent his district in the Senate. He is respected by all classes, and especially is this true of the neighborhood in which he lives, Irvington-on-the-Hudson. He is a sterling Republican, conscientious and thorough, and his nomination has added material strength to both the State and county tickets.

### COURT OF APPEALS DECISIONS.

AN IMPORTANT RULING CONCERNING THE SALE OF PRISON-MADE GOODS.

Albany, Oct. 11 - The Court of Appeals has decided that to sell prison-made goods from other States unlabelled is not a crime. Samuel K. Haw-kins was indicted by the Grand Jury of Broome County for having in his possession scrubbing-brushes, which he offered to sell, without any nelly at Binghamton, and which had been manufactured at the penitentiary at Cleveland. To this indictment defendant interposed a demurrer on the ground that the facts stated in the indictment do not constitute a crime. At a special term, Justice Lyon allowed the demucrer and a judgment thereon. The people appealed from this order, but the Third Appellate Division affirmed the judgment, and now the Court of Appeals decides that the statute under which this indictment is found is un-

INSURANCE RATE WAR IN SOUTH ENDED. Atlanta, Ga., Oct. 11 (Special).-The Southeastern Tariff Association, the headquarters of which are in Atlanta, to-day succeeded in suppressing the cutting of rates, which threatened to extend into all parts of its territory. A few days ago the At-lanta Home Insurance Company, a member of the association, together with several non-board companies, was discovered to be cutting the rates in a disastrous manner. The association at once instructed its agents to cut under any figure which the obdurate companies might offer. This has led to a complete demoralization of the insurance in-terests. The Tariff Association made overtures to its adversaries to-day, which were accepted, and the rate war was brought to a close.
